Harut Aza

Marut Azaya

In Heaven the angles Harut and Marut
protested with Allah about how sinful humankind
was being. Allah sent them down to Earth
to learn the feeling of temptation.

On the first night Venus invited them to worship
some idols, they said no.

On the second night Venus invited them to drink
wine and spirits, they said yes.

In the morning they found they could not return
to Heaven. Allah asked if they would be punished in this
life or the next, they chose this life.

They were sent to Babylon to teach magic to
mankind, never without warning:

"We are a trial, do not disbelieve"

Iblis Azazil

Out from the waters of the Jordan river,
where John washed. Jesus, peace be upon him,
saw a dove, a Holy Spirit, descend to him and
say "You are the anointed" He followed the dove
into the wilderness.

In the wild, Iblis challenged him: "If you are the
Messiah, speak that these stones turn to bread
But answering, he said, "It has been written:
Not by bread alone shall live the man but
by every word from the mouth of Allah."

When we are together,
